# Una cucina GREEN prodotta nel massimo rispetto dell'ambiente e della salute

A GREEN kitchen manufactured with the greatest respect for the environment and for the health.

## Le ante e le strutture del modello Flavour sono certificate GREENGUARD Gold

The doors and structures of the Flavour model are GREENGUARD Gold certified.

La certificazione è stata rilasciata dai laboratori UL, in accordo alle norme UL 2818 e UL 2821

The certification was issued by UL laboratories, in accordance with UL 2818 and UL 2821 standards.

Le ante e le strutture del modello Flavour sono contraddistinte dalla Certificazione GREENGUARD e GREENGUARD Gold. I prodotti che hanno ottenuto questa Certificazione sono testati dai laboratori UL, per soddisfare gli standard più rigorosi in termini di livelli di emissione di composti organici volatili (COV) emessi da mobili, superfici e vernice oltre ad altre sostanze chimiche nocive negli ambienti interni, contribuendo a ridurre l'inquinamento dell'aria interna e il rischio di esposizione chimica. La Certificazione GREENGUARD Gold include criteri aggiuntivi basati sull'impatto delle sostanze chimiche sulla salute umana e richiede che i livelli di emissioni dei prodotti siano accettabili per l'uso in ambienti come scuole o strutture sanitarie frequentati da una fascia sensibile di persone come bambini e anziani. Inoltre tutte le vernici utilizzate per le ante laccate del modello Flavour sono Low VOC, prodotti che rispondono ad elevati standard di sicurezza. In particolare, tali vernici sono conformi al Regolamento REACH, non contengono sostanze pericolose come le sostanze CMR e SVHC, sono conformi agli standard di emissioni indoor COV (Composti Organici Volatili). L'accurata selezione delle materie prime è stata pensata con il preciso scopo di ridurre significativamente i rischi di manipolazione ed esposizione per l'operatore e l'utilizzatore finale.

The doors and carcasses of the Flavour model are GREENGUARD and GREENGUARD Gold Certified. The products that have achieved this Certification are tested by the UL laboratories in order to meet some of the world's most stringent standards in terms of volatile organic compounds (VOC) emissions from furniture products, surfaces and paint, as well as other harmful chemicals in indoor environments, helping to reduce indoor air pollution and the risk of chemical exposure. The GREENGUARD Gold Certification includes additional criteria based on the impact of chemicals on human health and requires that the total VOC (volatile organic compounds) emission limits are such as to help ensure that the products are acceptable for use in environments like schools and health facilities, frequented by a sensitive group of people such as children and the elderly. In addition, all the paints used for the lacquered doors of the Flavour model are Low VOC, which means products meeting high safety standards. Specifically, these paints comply with the REACH Regulation, do not contain dangerous substances such as CMR and SVHC, and comply with indoor VOC (Volatile Organic Compounds) emissions standards. We carefully selected the raw materials with the specific aim of significantly reducing the risks of handling and exposure for the operator and the final user.

## Lube Certificazione / Certification Made in Italy

CERTIFICATO n. 18/2020  
Origine Italiana del mobile  
CERTIFICATE n. 18/2020  
Italian origin of the piece of furniture

La norma uni 11674:2017 è un modello internazionale di riferimento, che certifica l'origine italiana del mobile. Acquistando un mobile certificato Made in Italy, acquisti anche la sicurezza di un mobile prodotto nel rispetto di tutte le normative europee in merito alla sicurezza. Un ulteriore garanzia per il cliente che lo tutela e gli permette di acquistare una cucina pensata e prodotta interamente in Italia.

Uni 11674:2017 Standard is an international reference model that certifies the Italian origin of the piece of furniture. By purchasing a Made in Italy certified piece of furniture, you also purchase the safety of a piece of furniture produced in compliance with all European safety regulations. A further guarantee for the customer that protects him and allows him to purchase a kitchen designed and manufactured entirely in Italy.

## BRIDGE

---

**Una cucina che interpreta lo stile classico in modo spettacolare. Un ambiente articolato unito a delle finiture ricercate ed eleganti danno origine ad uno spazio di lavoro dinamico e raffinato.**

A kitchen designed to interpret classic style in a spectacular way. The well-structured kitchen environment, combined with the polished finishes, creates a dynamic and refined work space.

# 01 Flavour

---

Classic  
mood

La struttura di questa cucina integra perfettamente il piano snack alle basi dell'isola, creando una superficie continua, interrotta solo dall'alternanza dei materiali.

The kitchen composition perfectly integrates the snack counter with the island bases, creating a continuous surface, interrupted only by the alternation of materials.

## BRIDGE

---

L'anta telaio con la maniglia è senza dubbio la più classica delle interpretazioni. In questa composizione le maniglie in metallo, in perfetta sintonia con gli elementi a giorno in alluminio, creano preziosi dettagli stilistici.

The framed door with handle is undoubtedly the most classic of interpretations. In this composition, the metal handles, in perfect harmony with the open elements in aluminum, create precious stylistic details.

# 02 Flavour

---

Classic  
mood

Gli elementi a giorno in alluminio con ripiani in vetro sono qui presentati in finitura ottone. La loro ampia modularità li rende elementi decorativi perfetti per ogni parete, senza rinunciare alla funzionalità.

The open elements in aluminum with glass shelves are here presented in brass finish. Their extensive modularity makes them perfect decorative elements for any wall, without compromising on functionality.

## BRIDGE

---

**Una composizione lineare dai volumi classici dove la razionalizzazione del contenimento si abbina piacevolmente all'eleganza delle forme in una raffinata gradazione di grigi.**

A linear composition featuring classic volumes where the rationalization of the storage solutions pleasantly combines with the elegance of the forms in a refined gray-scale gradation.

# 03 Flavour

---

Classic  
mood

La profondità delle basi, maggiorata di 15 cm rispetto a quella delle colonne laterali, rende più ampio il piano di lavoro che ospita il lavello ed il piano cottura ad induzione con aspirazione integrata.

The depth of the bases, increased by 15 cm compared to that of the side columns, widens the work surface that houses the sink and the induction hob with integrated suction.

Questa variante di cucine in frassino grigio reale si abbina perfettamente alla boiserie Cover in silver dark e al piano di lavoro in laminato Imperial black.

This variant of kitchens in royal gray ash perfectly matches the Cover paneling in silver dark and the worktop in Imperial black laminate.

## NECK

---

**Una composizione senza tempo che coniuga l'eleganza classica dell'anta telaio, in frassino grigio lava e vetro fumè, con l'estetica moderna della presa maniglia con gola colore grafite.**

A timeless composition that combines the classic elegance of the frame door, in lava gray ash and smoky gray glass, with the modern aesthetic of the handle grip with graphite colored groove.

# 04 Flavour

---

Classic  
mood

Le colonne e i pensili con anta telaio diventano i protagonisti della cucina. I ripiani in vetro illuminati da una luce diffusa creano una raffinata atmosfera da sala da pranzo.

Columns and wall units with framed doors become the key players of the entire kitchen space. The glass shelves lit by a diffused light create a sophisticated dining room atmosphere.

## NECK

---

Un'ampia cucina dal carattere eclettico che mette insieme finiture dai toni dark, come il laccato nero seppia e finiture metallizzate, come il nichel spazzolato. Lo spazio è arricchito dagli elementi a giorno e dai pensili a vetro in alluminio con presa maniglia integrata.

A spacious kitchen that stands out for its eclectic combination of dark-toned finishes, such as sepia black lacquer, and metallic finishes, such as brushed nickel. The space is enriched by open elements and by glass wall units in aluminum with integrated handle grip.

# 05 Flavour

---

Classic - Contemporary  
mood

Il top della zona cottura, con profondità 75 cm, può contenere il canale attrezzato in metallo disponibile con diverse tipologie di accessori. La cappa diventa un'elemento di stile distintivo grazie alla finitura in ottone.

The 75 cm deep top of the cooking area can contain the equipped metal channel, available with different types of accessories. The kitchen hood becomes a distinctive style feature, thanks to the brass finish.

## BRIDGE - NECK

---

La tenue tonalità delle ante in finitura rovere calce lascia intravedere le delicate venature del legno, si coniuga alla perfezione con lo stile dell'anta di Flavour. I volumi della cucina sono scanditi da un ritmo delicato e armonioso.

The soft hue of the doors in lime oak finish reveals the delicate wood grain and perfectly blends with the style of Flavour door. The volumes of the kitchen are marked by a delicate and harmonious rhythm.

FLAVOUR 06

Le colonne con ante in vetro e schienale in laminato Alabastro finitura mn abbinato al piano snack ribassato rendono questa cucina raffinata e luminosa.

The columns with glass doors and back in Alabaster laminate mn finish combined with the lowered snack counter make this kitchen refined and bright.

## BRIDGE

---

**Il tocco di azzurro nube, la cappa in stile industrial e la boiserie Cover in finitura silver dark sono gli elementi che contraddistinguono questa cucina. Un sapore contemporaneo unito al richiamo classico delle ante a telaio in frassino bianco assoluto, un bilanciamento perfetto tra stili diversi.**

The touch of blue cloud, the industrial-inspired hood and the Cover wainscoting in dark silver finish are the elements that best characterize this kitchen. A contemporary flare combined with the classic appeal of the framed doors in absolute white ash: a perfect balance between different styles.

# 07 Flavour

---

Contemporary  
mood

Una soluzione di cucina lineare in cui protagoniste sono le ante a telaio in frassino bianco assoluto con vetro extrachiaro. L'illuminazione interna impreziosisce lo spazio e da luce alla composizione.

A linear kitchen solution featuring the absolute white ash frame doors with extra-clear glass. The internal lighting enhances the space and gives light to the composition.

Le ante a telaio con vetro della colonna dispensa celano eleganti ripiani in vetro con luci LED che illuminano completamente il mobile.

The glass-framed doors of the pantry column conceal elegant glass shelves with LED lights that fully light up the cabinet.

## NECK

---

**Il filo conduttore di questa composizione contemporanea è dato dalla scelta di ante e materiali della stessa tonalità. Risulta così un ambiente cucina arioso ma dalla forte connotazione tecnologica, grazie al design della composizione ed ai materiali ed accessori che la caratterizzano.**

The leitmotif of this contemporary composition is given by the choice of doors and materials in the same shade. The result is a spacious kitchen environment, but with a strong technological core, thanks to the composition design and to the signature materials and accessories.

# 08 Flavour

---

Contemporary  
mood

I blocchi isola di questa composizione sono caratterizzati da una gola continua su tutti i lati, creando un dettaglio costruttivo dal valore estetico ed ergonomico. La zona colonne ospita un forno e un abbattitore con cassetto scalda vivande, inseriti in elementi pensili, con cassetti di servizio h 12 cm, lasciando uno spazio d'appoggio sulle basi sottostanti.

The island blocks of this composition feature a continuous groove on all sides providing a high-value aesthetic and ergonomic manufacturing detail. The column area houses an oven and a blast chiller with a food warmer drawer, inserted in wall units, with 12 cm high service drawers, leaving a support space on the underlying bases.

## NECK

---

Una cucina che coniuga ampi volumi di contenimento in uno spazio compatto e studiato nei minimi dettagli. La penisola, dotata di accessori tecnologici, é caratterizzata dal tocco distintivo delle gole e zoccoli in finitura rame. Si contrappone alle colonne Nook che hanno le ante rientranti per lasciare lo spazio interno totalmente aperto quando l'utilizzo lo richiede.

A kitchen combining large storage volumes in a compact yet meticulously designed space. The peninsula, equipped with technological accessories, is characterized by the distinctive touch of the grooves and plinths in copper finish. It contrasts with the Nook columns featuring retracting doors, designed to leave the internal space totally open when use requires it.

# 09 Flavour

Contemporary  
mood

144 / 145

Le colonne realizzate in rovere asfalto hanno le ante in vetro apribili in due modalità differenti. Le ante laterali hanno la classica apertura con la presa a gola, mentre le ante centrali hanno una piccola maniglia che consente l'apertura solamente del vetro. I cassetti delle colonne centrali, con presa integrata a vista, e i cestoni sono interamente realizzati in rovere asfalto.

The columns made of asphalt oak feature glass doors that can be opened in two different ways. The side doors feature the classic opening with groove handle, while the central doors feature a small handle that allows only the opening of the glass. The drawers of the central columns, with integrated visible handle, and the baskets are entirely made of asphalt oak.

## BRIDGE

---

**Una composizione che interpreta lo stile contemporaneo con originalità, grazie al tocco di rosso persia che l'accende di colore. L'ergonomia e gli accessori funzionali sono il valore aggiunto di questa cucina che offre anche una serie diversificata di elementi di contenimento e di supporto evoluti.**

A composition interpreting contemporary style with originality, thanks to the touch of persia red that lights it up with color. Ergonomics and functional accessories are the added value of this kitchen, which also offers a diversified range of advanced storage and support elements.
